Dear PSC,

Uber is an outstanding service. I feel safe and comfortable riding with them. Their fees are less than that of a taxi, I feel safer riding with Uber than a taxi. I believe competition and the creation of jobs helps the South Carolina economy. Please reconsider your stance on uber.

Thanks,

Dennis Fleming

I would like to add my support to Uber with the hope that Uber will be permitted to operate in South Carolina.

I travel for a living and use Uber exclusively in many other states. In my experience their quality and service are unmatched.

Thank you for your time and for all you do to continue to make my great state even better.

Subject: Uber - Charleston

To Whom It May Concern -

Cab service in and around Charleston is not reliable and not a good alternative! Removing ridesharing from South Carolina harms the tens of thousands of riders who rely on the Uber platform for safe, low-cost rides.

Please rethink your cease & desist orders for Uber. This is a fun city that thrives on its restaurants and bar business - I can't understand why you would want to take away a viable and safe alternative for many of those patrons who are pumping money into the Charleston economy.

Sincerely -
A loyal Uber User
